NOTICE OF GENERAL PUBLIC INTEREST

December 27, 2013

**Correction of Notice Published in the S.C. State Register on July 26, 2013
Regarding the Permit Extension Joint Resolution of 2013 (H. 3774)**

This Notice corrects and supersedes the Notice and Synopsis previously published on July 26, 2013, regarding H.3774.

NOTICE:

Section 4 of the “Permit Extension Joint Resolution of 2013,” H.3774, provides: This joint resolution is intended to apply retroactively. For development approval that is current and valid on December 31, 2012, the running of the period of the development approval and any associated vested right is suspended during the period beginning January 1, 2013, and ending December 31, 2016.

Section 6 of the “Permit Extension Joint Resolution of 2013,” H.3774, requires that the Department of Health and Environmental Control (“DHEC”) list the types of development approvals that are provided for in that joint resolution.

Corrected Synopsis:

For specified development approvals that were current and valid on December 31, 2012, the Permit Extension Joint Resolution of 2013, ratified by the South Carolina General Assembly on June 19, 2013, and approved by the Governor on June 20, 2013, suspended the running of the period of the development approval beginning January 1, 2013, and ending December 31, 2016. Therefore, for permits listed below, that were issued prior to January 1, 2013, the running of the time period is suspended during the four-year period, and any time that remained on a listed permit on January 1, 2013, starts running again on January 1, 2017. The Permit Extension Joint Resolution of 2013 does not suspend the running of the period of the development approval and any associated vested right for such a development approval that is issued or otherwise becomes valid after December 31, 2012.
