Subject: Section 7 Endangered Species Consultation

Any request for consultation under Section 7 of the Endangered Species Act with the U. S. Fish and Wildlife Service or the National Marine Fisheries Service ("services") needs to include the following information:

1. A description of the action to be considered.
2. A description of the specific area that may be affected by the action.
3. A description of any listed species or critical habitat that may be affected by the action.
4. A description of the manner in which the action may affect any listed species or critical habitat and an analysis of any cumulative impacts.
5. Relevant reports including any environmental impact statement, environmental assessment, or biological assessment prepared.
6. Any other relevant available information on the action, the listed species, or critical habitat.

This information should be provided at the time of your permit request. Failure to submit the necessary information may result in delays in the Section 7 Consultation process. When you submit the information to this office, please provide an extra copy to be forwarded to the appropriate service. If consultation is required with both services please send two additional sets of this information along with your application.

Thank you for your cooperation.
