### Substance Abuse and Mental Health Services Administration

#### Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies

**AGENCY:** Substance Abuse and Mental Health Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Department of Health and Human Services (HHS) notifies Federal agencies of the laboratories currently

certified to meet the standards of Subpart C of the Mandatory Guidelines for Federal Workplace Drug Testing Programs (Mandatory Guidelines). The Mandatory Guidelines were first published in the **Federal Register** on April 11, 1988 (53 FR 11970), and subsequently revised in the **Federal Register** on June 9, 1994 (59 FR 29908), on September 30, 1997 (62 FR 51118), and on April 13, 2004 (69 FR 19644).

A notice listing all currently certified laboratories is published in the **Federal Register** during the first week of each month. If any laboratory's certification is suspended or revoked, the laboratory will be omitted from subsequent lists until such time as it is restored to full certification under the Mandatory Guidelines.

If any laboratory has withdrawn from the HHS National Laboratory Certification Program (NLCP) during the past month, it will be listed at the end, and will be omitted from the monthly listing thereafter.

This notice is also available on the Internet at <http://workplace.samhsa.gov> and <http://www.drugfreeworkplace.gov>.

**FOR FURTHER INFORMATION CONTACT:** Mrs. Giselle Hersh or Dr. Walter Vogl, Division of Workplace Programs, SAMHSA/CSAP, Room 2-1035, 1 Choke Cherry Road, Rockville, Maryland 20857; (240) 276-2600 (voice), (240) 276-2610 (fax).

**SUPPLEMENTARY INFORMATION:** The Mandatory Guidelines were developed in accordance with Executive Order 12564 and section 503 of Public Law 100-71. Subpart C of the Mandatory Guidelines, "Certification of Laboratories Engaged in Urine Drug Testing for Federal Agencies," sets strict standards that laboratories must meet in order to conduct drug and specimen validity tests on urine specimens for Federal agencies. To become certified, an applicant laboratory must undergo three rounds of performance testing plus an on-site inspection. To maintain that certification, a laboratory must participate in a quarterly performance testing program plus undergo periodic, on-site inspections.

Laboratories which claim to be in the applicant stage of certification are not to be considered as meeting the minimum requirements described in the HHS Mandatory Guidelines. A laboratory must have its letter of certification from HHS/SAMHSA (formerly: HHS/NIDA) which attests that it has met minimum standards.

In accordance with Subpart C of the Mandatory Guidelines dated April 13, 2004 (69 FR 19644), the following laboratories meet the minimum

**SUMMARY:** The Federal Emergency  
Management Agency, as part of its  
continuing effort to reduce paperwork  
and respondent burden, invites the  
general public and other Federal  
agencies to take this opportunity to  
comment on proposed continuing  
information collections. In accordance  
with the Paperwork Reduction Act of  
1995 (44 U.S.C. 3506(c)(2)(A)), this  
notice seeks comments concerning the  
application for participation in the  
National Flood Insurance Program  
(NFIP).

**SUPPLEMENTARY INFORMATION:** The NFIP  
is authorized by Public Law 90-448  
(1968) and expanded by Public Law 93-  
234 (1973). Communities must make  
application for eligibility in the program  
by submitting the items listed on the  
enclosed "prerequisites for the sale of  
flood insurance" which is taken from  
section 59.22 CFR 44 of the NFIP  
regulations. Section 201 of the Flood  
Disaster Protection Act of 1973 requires  
all flood-prone communities throughout  
the country to apply for participation  
one year after their flood prone  
identification or submit to the  
prohibition of certain types of Federal  
and Federally-related financial  
assistance for use in their floodplains.

**Collection of Information**

*Title:* Application for Participation in  
the National Flood Insurance Program.

*Type of Information Collection:*  
Reinstatement.

*OMB Number:* 1660-0004.

*Form Numbers:* FEMA Form 81-64.

*Abstract:* The NFIP provides flood  
insurance to communities that apply for  
participation and make a commitment  
to adopt and enforce land use control  
measures that are designed to protect  
development from future flood damages.  
The application form will enable FEMA  
to continue to rapidly process new  
community applications and to thereby  
more quickly provide flood insurance  
protection to the residents of the  
communities. Participation in the NFIP  
is mandatory in order for flood related  
Presidentially-declared communities to  
receive Federal disaster assistance.

*Affected Public:* State, Local or Tribal  
Governments.

*Estimated Total Annual Burden  
Hours:* 600 hours.

certification, the laboratory will be included in the  
monthly list of HHS-certified laboratories and  
participate in the NLCP certification maintenance  
program.

to end its Laboratory Accreditation Program for  
Substance Abuse (LAPSA) effective May 12, 1998.  
Laboratories certified through that program were  
accredited to conduct forensic urine drug testing as  
required by U.S. Department of Transportation  
(DOT) regulations. As of that date, the certification  
of those accredited Canadian laboratories will
