DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Current List of HHS-Certified Laboratories and Instrumented Initial Testing Facilities Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services (HHS) notifies federal agencies of the laboratories and Instrumented Initial Testing Facilities (IITF) currently certified to meet the standards of the Mandatory Guidelines for Federal Workplace Drug Testing Programs (Mandatory Guidelines). The Mandatory Guidelines were first published in the **Federal Register** on April 11, 1988 (53 FR 11970), and subsequently revised in the **Federal Register** on June 9, 1994 (59 FR 29908); September 30, 1997 (62 FR 51118); April 13, 2004 (69 FR 19644); November 25, 2008 (73 FR 71858); December 10, 2008 (73 FR 75122); and on April 30, 2010 (75 FR 22809).

A notice listing all currently HHS-certified laboratories and IITFs is published in the **Federal Register** during the first week of each month. If any laboratory or IITF certification is suspended or revoked, the laboratory or IITF will be omitted from subsequent lists until such time as it is restored to full certification under the Mandatory Guidelines.

If any laboratory or IITF has withdrawn from the HHS National Laboratory Certification Program (NLCP)

during the past month, it will be listed at the end and will be omitted from the monthly listing thereafter.

This notice is also available on the Internet at *http://www.workplace.samhsa.gov.*

FOR FURTHER INFORMATION CONTACT: Giselle Hersh, Division of Workplace Programs, SAMHSA/CSAP, Room 7–1051, One Choke Cherry Road, Rockville, Maryland 20857; 240–276–2600 (voice), 240–276–2610 (fax).

SUPPLEMENTARY INFORMATION: The Mandatory Guidelines were initially developed in accordance with Executive Order 12564 and section 503 of Public Law 100–71. The ''Mandatory Guidelines for Federal Workplace Drug Testing Programs,'' as amended in the revisions listed above, requires strict standards that laboratories and IITFs must meet in order to conduct drug and specimen validity tests on urine specimens for federal agencies.

To become certified, an applicant laboratory or IITF must undergo three rounds of performance testing plus an on-site inspection. To maintain that certification, a laboratory or IITF must participate in a quarterly performance testing program plus undergo periodic, on-site inspections.

Laboratories and IITFs in the applicant stage of certification are not to be considered as meeting the minimum requirements described in the HHS Mandatory Guidelines. A HHS-certified laboratory or IITF must have its letter of certification from HHS/SAMHSA (formerly: HHS/NIDA), which attests that it has met minimum standards.

In accordance with the Mandatory Guidelines dated November 25, 2008 (73 FR 71858), the following HHS-certified laboratories and IITFs meet the minimum standards to conduct drug and specimen validity tests on urine specimens:

* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that

date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the **Federal Register** on April 30, 2010 (75 FR 22809). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified laboratories and participate in the NLCP certification maintenance program.

Chemist, Division of Workplace Programs, Center for Substance Abuse Prevention, SAMHSA.

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS–2014–0024]

Privacy Act of 1974; Computer Matching Program

AGENCY: Department of Homeland Security, U.S. Citizenship and Immigration Services

ACTION: Notice.

Overview Information: Privacy Act of 1974; Computer Matching Program between the Department of Homeland Security, U.S. Citizenship and Immigration Services and the New York State Department of Labor.

SUMMARY: This document provides notice of the existence of a computer matching program between the Department of Homeland Security, U.S. Citizenship and Immigration Services and the New York State Department of Labor, titled ''Verification Division DHS–USCIS/NYSDOL.''

SUPPLEMENTARY INFORMATION: The Department of Homeland Security, U.S. Citizenship and Immigration Services provides this notice in accordance with the Privacy Act of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100–503) and the Computer Matching and Privacy Protection Amendments of 1990 (Pub. L. 101–508) (Privacy Act); Office of Management and Budget (OMB) Final Guidance Interpreting the Provisions of Public Law 100–503, the Computer Matching and Privacy Protection Act of 1988, 54 FR 25818 (June 19, 1989); and OMB Circular A–130, Appendix I, 65 FR 77677 (December 12, 2000).

Participating Agencies: The Department of Homeland Security, U.S. Citizenship and Immigration Services (DHS–USCIS) is the source agency and the New York State Department of Labor (NYSDOL) is the recipient agency.

Purpose of the Match: This Computer Matching Agreement allows DHS–USCIS to provide the NYSDOL with electronic access to immigration status information contained within the DHS–USCIS Verification Information System (VIS). The immigration status information will enable NYSDOL to determine whether an applicant is eligible for benefits under the Unemployment Compensation (UC) program administered by NYSDOL.

Authority for Conducting the Matching Program: Section 121 of the Immigration Reform and Control Act (lRCA) of 1986, Public Law 99–603, as amended by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), requires DHS to establish a system for the verification of immigration status of alien applicants for, or recipients of, certain types of benefits and to make this system available to state agencies that administer such benefits. Section 121(c) of IRCA amends Section 1137 of the Social Security Act and certain other sections of law that pertain to Federal entitlement benefit programs to require state agencies administering these programs to use the DHS–USCIS verification system to make eligibility determinations in order to prevent the issuance of benefits to alien applicants who are not entitled to program benefits because of their immigration status. The VIS database is the DHS–USCIS system established and made available to NYSDOL and other covered agencies for use in making these eligibility determinations.

NYSDOL seeks access to the information contained in the DHS–USCIS VIS database, for the purpose of confirming the immigration status of alien and naturalized/derived United Statues citizen applicants for, or recipients of, the benefits it administers, in order to discharge its obligation to conduct such verifications pursuant to Section 1137 of the Social Security Act, 42 U.S.C. 1320b–7 and to New York Unemployment Insurance Law, Article 18, Title 7, Section 590.

Categories of Records and Individuals Covered

DHS–USCIS will provide the following to NYSDOL: Records in the DHS–USCIS VIS database containing information related to the status of aliens and other persons on whom DHS–USCIS has a record as an applicant, petitioner, or beneficiary. See DHS/USCIS–004 Systematic Alien Verification for Entitlements Program System of Records Notice, 77 FR 47415 (August 8, 2012).

NYSDOL will provide the following to DHS–USCIS: NYSDOL records pertaining to alien and naturalized/derived United Statues citizen applicants for, or recipients of entitlement benefit programs administered by the State.

NYSDOL will match the following records with DHS–USCIS records:

- Alien Registration Number.
- I–94 Number.
- Last Name.
- First Name.
- Middle Name.
- Date of Birth.
- Nationality.
- Social Security Number (SSN).

DHS–USCIS will match the following records with NYSDOL records:

- Alien Registration Number.
- I–94 Number.
- Last Name.
- First Name.
- Middle Name.
- Date of Birth.
- Country of Birth (not nationality).
- SSN (if available).
- Date of Entry.
- Immigration Status Data.
- Sponsorship Information (sponsor's full name, SSN, and address).

Inclusive Dates of the Matching Program: The inclusive dates of the matching program are from June 29, 2014, and continuing for 18 months through December 28, 2015. The matching program may be extended for up to an additional 12 months thereafter, if certain conditions are met.

Address for Receipt of Public Comments Or Inquires: Individuals wishing to comment on this matching program or obtain additional information about the program, including requesting a copy of the computer matching agreement between DHS–USCIS and NYSDOL, may contact.

For general questions please contact: Donald K. Hawkins, 202–272–8030, Privacy Officer, U.S. Citizenship and Immigration Services, Department of Homeland Security, 20 Massachusetts Avenue NW., Washington, DC 20529.
